Subject: Fwd: Mitigation Plan Public Comment Period

Please see the forwarded email below for information regarding the public comment period for mitigation plans for windblown dust events in Alamosa and Prowers Counties and for stratospheric ozone intrusion and wildfire events involving ozone in the Denver Metro/North Front Range ozone nonattainment area.

Sincerely,

Richard Coffin

COLORADO
Air Pollution Control Division
Department of Public Health & Environment

Under federal regulation (40 CFR 51.930), the Colorado Department of Public Health and Environment Air Pollution Control Division is required to develop and submit to the U.S. Environmental Protection Agency mitigation plans for windblown dust events in Alamosa and Prowers Counties and for stratospheric ozone intrusion and wildfire events involving ozone in the Denver Metro/North Front Range ozone nonattainment area. The purpose of this email is to inform you that the mitigation plans are now available for comment until September 14, 2016 at 5:00 p.m.

The mitigation plans are available on our website: https://www.colorado.gov/airquality/tech_doc_repository.aspx#misc2.

Please send comments to cdphe.commentsapcd@state.co.us.

Thank you.
